

COMMUNITY HEALTH WORK (LEVEL 4) SAQA ID 64697 - FURTHER EDUCATION & TRAINING CERTIFICATE

Purpose of the Qualification

This qualification is for any individual who is, or wishes to be, involved in Ancillary Health Care services. A learner who has achieved this qualification will integrate a range of awareness and competences to practice the roles of health promoter, health provider and health networker within a community development context.

Learners working towards this qualification will find that the acquisition of competence in the Unit Standards, which make up the qualification, will add value to their work performance. This qualification is intended to enhance the provision of entry-level service within the field of health care within all sectors.

Learners who complete this qualification will have better self and social awareness and will possess a range of thinking and problem solving skills. In addition, they will possess the competence required to perform community health functions in a complex developing world context. They will have the skills required for employment by a range of government and social sector employers, will be in possession of a further education and training certificate and will be eligible for certain credit recognition in various higher education health qualifications.

Required Prior Learning

- Mathematical Literacy at NQF 3
- Communication at NQF 3
- Unit Standard ID 254222
- Computer Literacy strongly recommended

Exit Level Outcomes

- Assist in planning and implementing promotion programmes for Health Care within communities.
- Assist in the facilitation and implementation of primary health care projects within the community.
- Achieve ancillary health care objectives within own community/work context.
